

Interviewee	Question	Answer
<b>Person A</b>	Which libraries do you attend?	Mile End Silent Rooms if I have to, but I'm usually in the temporary ITL room with the least people
	Why do you chose these spaces?	I need silence to be able to focus.
	Why not work at home?	I have long breaks between lectures and labs which I prefer not to waste
	What is your ideal library environment?	Silence
	What devices do you typically use in the library?	My laptop almost all of the time. I keep my phone on silent so I don't check it unless I need to login to something.
	Do you interact with people, or your devices more?	Devices
	Have you ever had to ask someone to be quieter, or been told to quiet down?	No, though sometimes I wish I did tell people.
	Do you think libraries should be more strict about noise?	Silent rooms need stricter enforcing. If the library does not have a silent room, then I think the whole library should be restricted to whispering.
<b>Person B</b>	Which Libraries do you attend?	Mile End Library
	Why do you chose this Library?	All of my friends go there
	What is your ideal library environment?	As long as I can communicate with people its fine.
	What is the quietest you will accept talking before you chose another space?	Just slightly louder than whispering
	What devices do you typically use in the library?	My laptop and phone
	Do you interact with people, or your devices more?	It's around 70% devices and 30% people
	Have you ever had to ask someone to be quieter, or been told to quiet down?	No
	Do you think libraries should be more strict about noise?	I don't mind, but I understand it might affect others
<b>Person C</b>	Which Libraries do you attend?	British Library Membership Room
	Why do you chose this Library?	Because I paid £87 for it.
	Why would you pay so much?	I can't work at home when my family gets back from work and school as its too loud. The membership room is certainly an improvement
	Do you experience noise in the membership room too?	Yes, I wish it was a silent area
	What is your ideal library environment?	Silence, my job doesn't require meetings.
	What devices do you typically use in the library?	My laptop
	Do you interact with people, or your devices more?	Devices
	Have you ever had to ask someone to be quieter, or been told to quiet down?	No
	Do you think libraries should be more strict about noise?	Yes, if there is more than 1 room in the building then another should be a strict silent room
